3 Boardrooms for intimate or secretariat meetings are located on level 3.

MALAYSIA ON A PLATE

At the Kuala Lumpur Convention Centre, we go beyond event hosting – we are dedicated to preserving our rich culinary history and heritage while championing sustainability.

Our menus showcase dishes that emphasize the use of the freshest, locally sourced ingredients. In our halal-certified kitchens, our award-winning chefs take an artisanal approach, drawing on our heritage to create culinary experiences for our guests.

Our culinary collection draws inspiration from our rich history and cultures, from the tropical abundance of the Malay Archipelago to the influences of Chinese and Indian cuisines, infusing Malaysian cuisine with tastes and flavours that define our culture today.

Dedicated to cultivating healthy meeting environments to improve delegate productivity, and creating positive event memories, we provide healthy choices for our guests and actively contribute to the solution for sustainable events.

WHAT OUR CLIENTS SAY

“The IAPCO Council Meeting held at the Kuala Lumpur Convention Centre will be remembered for a long time. Your entire team – on every level – made us feel welcome and deeply cared for at any given time. The breaks, lunches and dinners were each unique and incredibly creative – with attention to even the smallest details.”

MATHIAS POSCH
Past President IAPCO
(The International Association of Professional Congress Organisers)

“This was one of the best congresses we’ve ever had. The Centre’s world-class facilities perfectly supported our programme, the meeting rooms were excellent and all the equipment provided was very modern and up-to-date.

The Centre’s location is also perfect, being right in the centre of the city with direct access to the public transport and places of attraction around the KLCC precinct is ideal.

The service was super and all participants were extremely happy with the attention to detail and instantaneous response to any requests.

ADA VAN KRIMPEN
Director of International Statistical Institute

“From the beginning to the very end, everything about having the congress at Kuala Lumpur Convention Centre was perfect. All staff were helpful, attentive and showed great hospitality. Overall, ASC 2019 was one of the most successful congresses we have ever had.

MIKE KINGPAYOM
Event Manager
The Asia & Pacific Seed Association (APSA)

SUSTAINABILITY

Stringent segregation programme applied to the public and back of house area to maximise recycling and diversion of waste to landfill.

We are committed to our pledge to achieve the global goal of Zero Net Carbon through a stringent plan to reduce energy consumption by 15% within 5 years.

First venue in Malaysia to partner with Food Aid Foundation to donate excess food to local communities.

Adoption of AI-Powered system to manage and control food waste management and to increase yield management.

Venue is designed to be energy-saving with glass wall to maximise use of sunlight and uses LED lighting to cut carbon foot print.

Our zero-energy rain harvest system relies on gravitational force and can harvest up to 4,000 liters of rain water.

We actively give back to community with programmes that support various organisations centered on education, health, and well-being.

Continuous focus to eradicate the use of single-use plastics.

Our Sustainability Team engages and helps event organisers at every stage of planning to reduce waste and to adopt the 5Rs principle: Refuse, Reduce, Reuse, Repurpose & Recycle
