

KUALA LUMPUR CONVENTION CENTRE

UNIQUELY WORLD-CLASS

Updated May 2026

Selamat Datang or Welcome to Malaysia

Malaysia is a diverse country, rich in culture and defined by contrast. Rainforests older than many modern civilisations – from Taman Negara on the peninsula to the jungles of Borneo – are balanced by islands with clear seas and thriving coral life.

Across cities and towns, mosques, Chinese temples, Indian shrines and historic churches are part of everyday life, reflecting a society shaped by coexistence. Food is central to the experience: fragrant curries, smoky satay and noodle dishes drawn from many influences, refined through generations of shared living.

English is widely spoken, and the warmth of its people makes settling in easy. Malaysia invites curiosity quietly, rewarding those who look a little closer and stay a little longer.

Malaysia offers a stable, well-established environment for international events

A Hub of Global Connections

Malaysia is straightforward to reach and globally connected. Kuala Lumpur International Airport serves over 100 destinations with airlines linking Europe, Asia, the Middle East, Africa, Australia and the Americas.

Delegates benefit from a strong mix of full-service and low-cost carriers, offering flexibility in routing and budgets.

Malaysia is also home to AirAsia, a multi-year Skytrax World's Best Low-Cost Airline winner, operating an extensive regional network from Kuala Lumpur. This level of connectivity ensures smooth international access and positions Malaysia as a convenient base for post-event travel across Asia and beyond.

A Capital City That Surprises

Kuala Lumpur is a modern, vibrant capital with a skyline that immediately stands out, framed by the PETRONAS Twin Towers and Merdeka 118.

The city is built for movement. A well-connected MRT and urban rail system links hotels, the convention centre, shopping and dining areas efficiently, allowing delegates to maximise their time.

City life is active and engaging, yet orderly and safe. Green parks cut through the urban landscape, offering space to pause between meetings.

For delegates, Kuala Lumpur delivers an exciting city experience with reliable infrastructure and excellent value for money – a place that works hard and rewards visitors who stay a little longer.

WHAT OUR CLIENTS SAY

The AVPN team is immensely grateful for the exceptional support provided by the Kuala Lumpur Convention Centre. Their professionalism, flexibility, and understanding made the planning and execution of the AVPN Global Conference 2023 a seamless experience. The Centre's team demonstrated a high level of expertise, kindness, and warmth throughout the entire event. It was a pleasure to work with them."

CHRISTINA AMELN

Project Director & Advisor
(AVPN)

"The Centre's strategic location is an absolute gem, complemented by its remarkable facilities. The convenience of on-site hotels, in the heart of the city, provides an unmatched experience, allowing our exhibitors, visitors and delegates to stay close to their clients. What sets them apart is their unwavering 'never say no' attitude, a rare quality that we seldom encounter elsewhere. Our event is undeniably demanding, yet the staff rise to the occasion, surpassing all expectations. It is a testament to their dedication and commitment to excellence."

PAUL HARWOOD

Managing Director, Westrade Group Ltd
(International Exhibition & Conference Organisers)

"ICBS is positioned as a premium artisan lifestyle expo, so it was important for us to host the event at a venue that reflects that positioning. Kuala Lumpur Convention Centre offers the right environment, flexibility and growth opportunities as the show continues to expand.

The KLCC brand association, iconic location and accessibility help elevate the profile of ICBS and attract the right audience. Operationally, the Centre team's experience and structured coordination have made planning, move-in, event days and tear-down consistently smooth over the years.

Beyond venue operations, the collaboration on MyFoodConference has been especially valuable. The Centre's strong focus on sustainability, local sourcing and industry partnerships aligns closely with our conference direction. Their team contributed practical insights, quality speakers and real-world case studies that strengthened the programme discussions.

What stands out most is the team's flexibility and collaborative approach. For organisers planning a new or growing event, especially with international ambitions, Kuala Lumpur Convention Centre should always be part of the conversation"
